Comments

Balanced sweetness and acidity, some sugar candy taste, in the taste it's rather lime-ish than berrie-ish. Little bit of sparkling at the tongue. Adding a bit more of fruity character would be good for this mead.

TRADUCTION:

Douceur et acidité équilibrées, un peu de goût de bonbon sucré, en bouche c'est plutôt citronné que baies. Un peu de pétillant sur la langue. Ajouter un peu plus de caractère fruité serait bien pour cet hydromel.
